To Whom It May Concern:

RE: Paraseal Paraterm Bar—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Paraseal Paraterm Bar:

Building Product Disclosure and Optimization:

Paraseal Paraterm Bar is manufactured in Spearfish, South Dakota.

No single extracted material is used to produce the majority of this product.

Recycled content for Paraseal Paraterm Bar is 60% (36% Post-Industrial and 24% Post-Consumer). Because this product is partially created with recycled content, consumers are able to work towards one Building Product Disclosure and Optimization- Raw Materials Extraction point.

Low Emitting Materials - VOC Content Information:

Paraseal Paraterm Bar is an exterior applied waterproofer with a VOC content of <1g/L equaling <1% as applied/mixed. As such, VOC levels are lower than the limits set by SCAQMD rule 1113.

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.

Additional Information:

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

Joe Kravetz
Product Steward
