

SPECTREM® 800 SILICONE COLOR CARD

Traffic-Rated Joints For Highway and Parking Garage Applications

Spectrem® 800 is a single-component, moisture-curing, low-modulus, high-movement, gun-grade, sealant specifically formulated for highway, airport and bridge joints, and parking structures where high movement and resistance to gas and oil is needed.

Spectrem 800 also works with Willseal™ pre-compressed, self-expanding foam joint sealants to create watertight, UV-stable, energy efficient seals with a single, streamlined installation process.
