To Whom It May Concern:

RE: ExoAir Flex Foam—Green Building Product Information (LEED v4.1 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for ExoAir Flex Foam:

**Building Product Disclosure and Optimization:**

ExoAir Flex Foam is manufactured in Arkel, Zuid-Holland.

No single extracted material is used to produce the majority of this product.

Recycled content for ExoAir Flex Foam is not available, and for the purposes of LEED reporting should be assumed to be zero.

**Low Emitting Materials - VOC Content Information:**

ExoAir Flex Foam is a foam sealant with a VOC content of 153g/L equaling 15.4% as applied/mixed. As such, VOC levels are lower than the limits set by SCAQMD rule 1168.

**Green Chemistry:**

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.

**Additional Information:**

Air barrier systems, when properly installed, have been shown to reduce energy costs for HVAC by as much as 40% versus buildings without fully-adhered air barriers. Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,
