

Technical Service Bulletin No. S-16-06

Vulkem EWS Required Installation Supplies List

To ensure proper installation of the Vulkem EWS coating system, the applicator(s) must review the necessary application instructions. The applicator(s) are strongly encouraged to keep a copy on hand at all installations should any questions arise. The application instructions can be found at: <https://www.tremcosealants.com/markets/commercial/puma-technology/vulkem-ews-for-traffic-coatings/>.

A minimum of six (6) crew members are required for installation on projects <2,500ft². Projects >2,500ft² will require seven (7) to eight (8) crew members. Unless otherwise noted or agreed upon with your local Tremco Sales Representative prior, all items in the proceeding list should be on-site prior to arrival of the Tremco Technical Service Team. Please contact your local Tremco Sales Representative if any questions regarding this supplies list or the pertinent application instructions arise.

(An asterisk * indicates “as needed”, based on jobsite conditions. Photos are for reference only and are not to indicate a preferred brand.)

Photo	Description	Source	Quantity/Notes
	Corded Mixer/Drill – 1/2” or larger	<ul style="list-style-type: none"> Home Depot Lowe’s 	<ul style="list-style-type: none"> Minimum 1
