

ENEREDGE® PRO DS

Your inside edge to performance and savings

Product Overview

EnerEDGE® Pro DS is a pre-desiccated, ready-to-apply, cellular silicone warm-edge spacer that is suitable for the most demanding insulating glass constructions in fenestration applications, including dual-seal.

Features & Benefits

- Silicone spacer with integral desiccant
- Low thermal conductivity
- Built for dual-seal applications
- Long-term durability
- Ease of manufacturing
- Short lead time
- On-site technical assistance and training

The Tremco Advantage

Backed by Tremco's exclusive 50-year fenestration industry expertise including all facets of the IG and window unit plus the window-to-wall installation connection – from spacers and gaskets to tapes and sealants. The only supplier in the IG space offering total building envelope protection with sealing solutions for every connection from the foundation to the roof.

- 1. Multiple Edge seals: (Si, PU, PS, RHM, HM)
- 2. Pressure Sensitive Adhesive
- 3. Barrier Film Continuous at Corners
- 4. "True Foil", multi-layer gas and vapor barrier film
- 5. Thermoset cellular silicone
- 6. EnerSEAL PIB
