EnerGrip Muntin Clips

Available in a wide variety of configurations that vary with airspace and muntin bar styles, these polypropylene clips precisely secure the muntin bar to the spacer and do not impede on the sealing area of the applied secondary sealant. Parts are available in both gray and black and are sold in boxes of 5000 pieces per configuration, depending on type. For more information, reference the Technical Guide on Muntin Clip Part Selection by Airspace & Muntin Style, through your Tremco Residential Windows Representative.
