# BUCK FRAMES

TREATED LSL  
ENGINEERED FRAMING SYSTEM

**Customizable**

**Easy Install**

**25 Year Warranty**

[PREBUCKPRODUCTS.COM](http://PREBUCKPRODUCTS.COM)

## OUR DESIGN

*The dovetail concrete keyways internal design allows for maximized attachment, and integrates the frame system into the ICF concrete wall. Buck Frames also eliminate air infiltration and are non-obstructive with ICF web.*

## CUSTOMIZABLE & EASY TO INSTALL

- Custom manufactured to any wall dimension
- Self aligns on the wall which makes for easy install, cutting days (even weeks!) off installation time

*Our metal galvanized flange system allows for ICF bracing and building components to attach flush to the wall surface and supports ICF during concrete pour.*

## STRONGER. FASTER. SMARTER.

- Product will not delaminate, become spongy or loosen fastener strength
- AWP standards for use category 2 (uc2)
- Contributes to LEED points
- NAHB National Green Building Certified
- 25-year limited warranty
